Message from the President First place for our students in the Climate Champions Competition

First place for our students in the Climate Champions Competition

Tackling climate change challenges in order to create a greener, more sustainable world has been a strategic priority for the British Council and many organisations across the globe.

The Bahrain Climate Champions was launched by the British Council in collaboration with the Higher Education Council and the Supreme Council for Environment and supported by the British Embassy in Bahrain and it is designed to create awareness amongst researchers in the Kingdom of Bahrain.

In October 2021 and under the patronage of the Secretary-General of the Higher Education Council (HEC) and the Deputy Chairperson of its Board of Trustees, Dr. Shaikha Rana bint Isa bin Duaij Al Khalifa, the training programme of the international "Climate Champions" research project for undergraduate students in public and private higher education institutions in the Kingdom, was announced and was attended by HMA the UK Ambassador to Bahrain, Director of the British Council, and heads of higher education institutions in the Kingdom

The results of the climate champions competition was announced on Thursday in the presence of the Secretary-General of the Higher Education Council (HEC) and the Deputy Chairperson of its Board of Trustees, HMA the UK Ambassador to Bahrain, Director of the British Council, Dr Fawzi Aljowdar, Dean of Students Affairs, representing the University and heads of higher education institutions in the Kingdom and it is pleasing to hear that our students have won first place (Ayesha Madany, Rasheed Albinzaid and Abdelrahman Al Hassan) participating in the (Watergy team) at the level of Bahraini universities. The work was supervised by Dr Sakher Alnajdawi from the College of Administrative Sciences, and I am really grateful for his efforts. A big congratulations to Dr Sakher and our students.

PRESIDENT'S NEWS DIGEST

Business Administration Students are the champions of Bahrain Climate Connection Programme

A group of Business Administration students (Ayesha Madany, Rasheed Albinzaid and Abdalrahman Al Hassan), and led by Dr Sakher Alnajdawi, faculty member in the Department of Business Administration at the College of Administrative Sciences, has won the first place in the Bahrain Climate Connection Champions programme. This programme supports Bahrain's National Vision 2030 and its efforts to confront the challenges posed by climate change. is designed to develop and amplify support for climate change action and COP26 amongst young people and institutions in Bahrain while building a network of champions across the community. The programme works with young people to develop social leadership skills, skills to build and convene coalitions and to support the development of sustainable plans for social action to address the challenges of climate change. The programme is supported by the British Embassy in Bahrain and launched in partnership with the Higher Education Council.

The innovative project "Watergy" brings solutions to water usage and recycling at the industrial level. The project is a pure application of clean energy use and is a springboard for social action and change led by our faculty and students. The project has a notable social impact and maximises and strengthens community links, as well as promote and engage support for action and establish a foundation for continued delivery.

طالبة جامعة العلوم التطبيقية يحصدون المركز الأول في مسابقة "أبطال المناخ"

بقلم روان بوجيري – إدارية في عمادة شؤون الطلبة

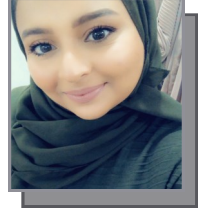

شارك أربعة من طلبة الجامعة بمتابعة وتنسيق من قبل الدكتور صخر النجاوي في مسابقة "أبطال المناخ" التي نظمتها مجلس التعليم العالي بالتعاون مع المجلس الأعلى للبيئة والمجلس الثقافي البريطاني، وذلك بهدف تعزيز القدرات البحثية لطلبة مرحلة البكالوريوس وتسخير هذه البحوث لمعالجة الأولويات البحثية المتعلقة بالمشاكل البيئية والمناخية في مملكة البحرين. وتمكن الطلبة عبد الرحمن الحسن وراشد البنزايد وعائشة المدني من الفوز بالمركز الأول في المسابقة عن مشروعه "wateregy"
