Induction Visit for the New BOT Member: Mr. Khalid Yaqoob Al Amer

The University has recently received the new member of its Board of Trustees, Mr. Khalid Yaqoob Al Amer, who was officially approved by the Higher Education Council to join ASU's BOT on 25 January 2022, for an induction visit.

Professor Ghassan and the senior management were at his reception and took him upon arrival for a campus tour as this was his very first visit to the University's campus. Mr. Khalid got to see the University's library, classrooms, labs, recreational center, cafeteria, and other facilities. He was really impressed and expressed his confidence that this campus is perfectly fit to provide students with a memorable learning experience.

Then they joined the Chairman of the Board, Professor Waheeb Al Khaja, in his office, where they discussed the future plans of the University and its growth opportunities. The Acting Secretary General of the University Councils, Mr. Hatem Dammak, handed Mr. Khalid a pack with all the University's key prints and publications, such as the University Prospectus, Magazine and the 15 Years of Excellence Book, which complemented the digital induction pack previously sent to Mr. Khalid containing all the BOT policies, handbooks and documents needed for the induction of a new BOT member.

At the end of the meeting, Mr. Khalid expressed his gratitude again for being selected to join ASU's BOT and reiterated his intent to help the Board and the University as much as he could, namely with his expertise that he puts at the disposal of the lecturers and students to profit from, and also through his extensive network of collaborators that he built over his long years of experience in both the public and private sectors.

It is worth noting that Mr. Khalid Al Amer holds an MSc in Construction Cost Management from University of Reading in the UK and BSc in Quantity Surveying from University of Dundee in Scotland. Since 1983, he has worked in the Ministry of Works and was appointed as Director Cost Engineering until 2007. He worked as Assistant undersecretary for Housing Projects and Assistant undersecretary for Housing Services and Policies until 2016. He was member of Advisory Committee for Construction Industry in University of Bahrain. He is Fellow Member and Counselor of Royal Institution of Chartered Surveyors in UK. He is currently Commercial Arbitrator and Consultant for Contractual Disputed Cases.
