

Potential Job Titles of Engineering Programmes in Bahrain

List of Potential Job Titles of Engineering Programmes in Bahrain				
	Civil Engineering	Architectural Engineering	Mechanical Engineering	Electrical and Electronic Engineering
1	Assistant Site Engineer	Junior Architectural Engineer	Pipeline Engineer	Field Service Engineer
2	Construction Engineer	Assistant Architectural Engineer	Facilities Engineer - Oil and Gas	Analog Design Engineer
3	Structural Engineer	Design Engineer - Architecture	Mechanical Engineer - Oil and Gas	Operations Manager
4	Project Engineer	Construction Engineer - Architecture	Safety Engineer - Oil and Gas	Automation Engineer
5	Estimation Engineer	Project Coordinator - Architecture	Instrumentation Engineer - Oil and Gas	Commissioning Engineer
6	Site Supervisor	Structural Engineer - Architecture	Mechanical Design Engineer	Physical Design Engineer
7	Quality Control Engineer	Building Services Engineer - Architecture	Manufacturing Engineer	Process Engineer
8	Planning Engineer	BIM Modeler - Architecture	Project Engineer	Product Engineer
9	Quantity Surveyor	Architectural Technologist	HVAC Engineer (Heating, Ventilation, and Air Conditioning)	Controls Engineer
10	Building Services Engineer	Junior Architect	Aerospace Engineer	Quality Engineer
11	Geotechnical Engineer	BIM architect	Automotive Engineer	ASIC Design Engineer
12	Highway Engineer	Assistant Site Engineer	Robotics Engineer	Design Verification Engineer
13	Environmental Engineer	Health and Safety Engineer	Materials Engineer	Radio-frequency (RF) Engineer
14	Contracts Engineer	Environmental Engineer	Quality Assurance Engineer	Radio-frequency (RF) Design Engineer
15	Health and Safety Engineer	Quality Control Engineer	Process Engineer	Digital Design Engineer
16	BIM Engineer	Quantity Surveyor	Energy Systems Engineer	Electromagnetic compatibility (EMC) Engineer
17	Materials Engineer		Structural Engineer	Reliability Engineer

18	Surveying Engineer		Research and Development Engineer	Electrical Engineer
19	Structural Design Engineer		Systems Engineer	Signal Integrity Engineer
20	Transportation engineer		Controls Engineer	Signal Processing Engineer
21	Water resources engineer		Maintenance Engineer	Electrical Estimator
22	Bridge Engineer		Thermal Engineer	Systems Integration Engineer
23	Geotechnical Engineer		Product Development Engineer	Telecommunications Engineer
24				Test Engineer
25				Validation Engineer
26				Equipment Engineer
27				Field Programmable Gate Array (FPGA) engineer
