Brief about the Programme

Start your journey toward a successful financial career with the Bachelor in Accounting and Finance. Delivered in English and aligned with international standards, the programme offers a strong combination of theoretical knowledge and practical skills. With accreditation from ACCA, students benefit from exemptions from professional exams, fast-tracking their path toward becoming certified professionals.

Students gain hands-on experience using tools such as the London Stock Exchange Group (LSEG) workspace, preparing them for careers in accounting, auditing, investment, and financial analysis.

Aims of the Programme

1. Provide graduates with critical and comprehensive knowledge and understanding of accounting, finance, and related fields.
2. Prepare graduates to apply specialised skills in accounting, finance, and related disciplines to solve business problems in both well-defined and loosely defined contexts.
3. Develop graduates' abilities to critically analyse and evaluate accounting and financial information, concepts, and practices, and to undertake scientific research to identify complex business challenges and propose ethical solutions.
4. Develop graduates' professional skills to communicate effectively with peers and specialists using appropriate ICT tools.
5. Prepare graduates to work independently or within a team at a specialist level in a range of contexts, while assuming responsibility for decision-making and supervising others.
